Chapter 1. Summary

Total Tests: 10

Passed: 0

Passed with warnings: 7

Failed: 3

Passed with Warnings Tests:

- case 10 lead car steady ego car steady
- case 2 lead steady then slow
- case 3 lead increasing space gap
- case 4 cut out
- case 5 cut in25a
- case 6 lead decreasing space gap
- case 7 lead slow down then steady

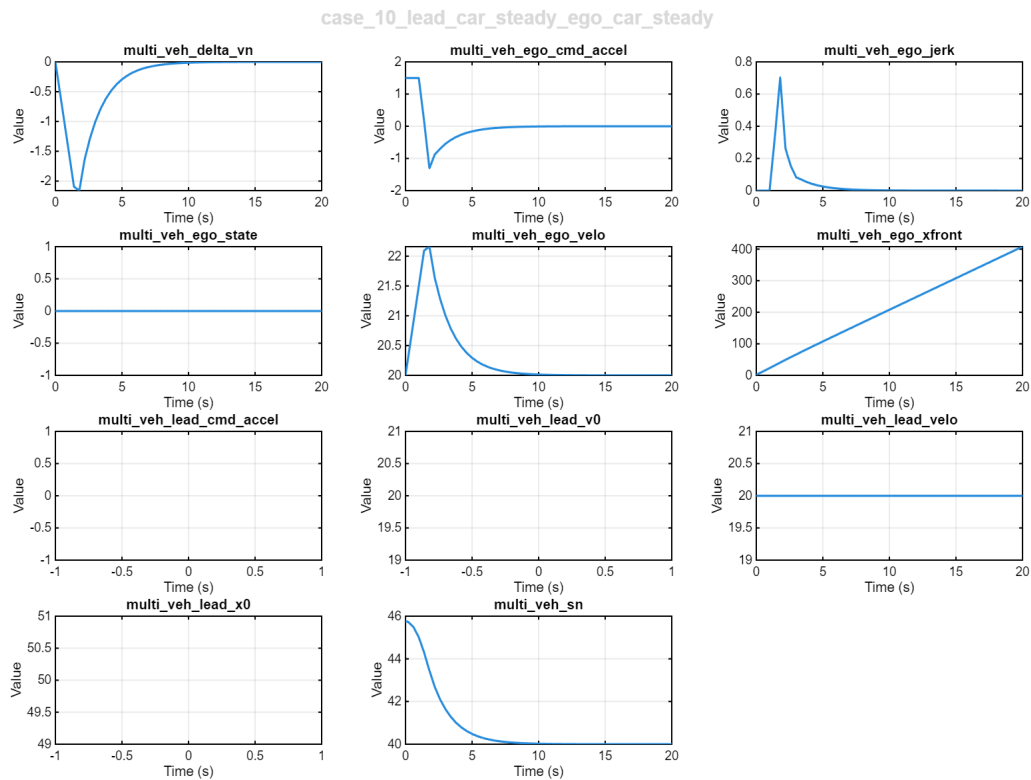

Failed Tests:

- case 1 leadcar stationary egocar move25a
- case 8 lead car stationary ego speedup25a
- case 9 both stopped gap too big

Chapter 2. case 10 lead car steady ego car steady

Status: Passed with warnings

Test Results:
